REQUEST FOR INTERIM APPROVAL

Pursuant to 49 U.S.C. § 14303(i) and the Board's rules at 49 C.F.R. §1182.7, Applicants Frank Sherman ("Sherman"), an individual who controls motor passenger carriers, together with FSCS Corporation ("FSCS"), a non-carrier holding company, TMS West Coast, Inc. ("TMS"), a non-carrier holding company, Evergreen Trails, Inc. d/b/a Horizon Coach Lines ("Evergreen"), an interstate motor passenger carrier, and Cabana Coaches, LLC ("Cabana"), an interstate motor passenger carrier (collectively, "Applicants"), seek authority to acquire the assets (including the vehicles, equipment, leases, contracts, and intrastate operating permits) of twelve separate interstate motor common carriers of passengers subsidiaries currently controlled by Coach America Holdings, Inc. (collectively, "Coach America Subsidiaries") and to consolidate certain of those assets into Evergreen Trails and others into Cabana.

The twelve Coach America Subsidiaries are as follows: (1) America Charters, Ltd.; (2) American Coach Lines of Jacksonville, Inc.; (3) American Coach Lines of Miami, Inc.; (4) American Coach Lines of Orlando, Inc.; (5) CUSA ASL, LLC; (6) CUSA BCCAE, LLC; (7) CUSA CC, LLC; (8) CUSA FL, LLC; (9) CUSA GCBS, LLC; (10) CUSA GCT, LLC; (11) CUSA K-TCS, LLC; and (12) Midnight Sun Tours, Inc.

On January 3, 2012, each of the Coach America entities filed a voluntary petition for relief under chapter 11 of the Bankruptcy Code in the United States Bankruptcy Court for the District of Delaware. *In re Coach Am Group Holdings Corp*, Case No. 12-10010 (KG) (Jointly Administered). On or about January 13, 2012, the Coach America entities filed a motion seeking to sell substantially all of their assets and effectively to liquidate. *See Motion of the Debtors for Orders ... (I) Approving (A) Bidding Procedures (B) Form and Manner of Sale Notices, and ... (II) Authorizing and Approving (A) Sale of Substantially All of the Assets Free and Clear of Liens, Claims, and Encumbrances*, Dkt # 102.

As reported in the bankruptcy filings, the Coach America entities, including each of the Coach America Subsidiaries, are insolvent.

For the fiscal year ended December 31, 2010, the Debtors reported net revenues of approximately \$433 million and a net loss of approximately \$180 million. For the eleven-months ended November 30, 2011, the Debtors reported net revenues of approximately \$417 million and a net loss of approximately \$27 million. As of November 30, 2011, the Debtors' reported assets of approximately \$274 million on their consolidated balance sheet and liabilities of approximately \$402 million.

Declaration in Support of Chapter 11 Petitions and First Day Motions (Dkt # 3).

Accordingly, the ability of these entities to remain in business is open to question. The interim approval requested here is warranted because failure to grant such approval may

result in the loss of the assets of the Coach America Subsidiaries or in their substantial devaluation for purposes of providing adequate and continuous service to the public. Another transaction involving the Bankruptcy Court-approved sale of nine other Coach America-controlled motor carriers has recently been submitted for approval to the Board and the sale of other Coach America assets also has been approved by the Bankruptcy Court.¹

By the Verified Application (“Application”) accompanying this Request for Interim Approval, Applicants seek permanent authority under 49 U.S.C. § 14303 and the Board’s rules at 49 CFR Part 1182 to acquire the assets of the Coach America Subsidiaries and consolidate those assets into Evergreen and Cabana. A grant of interim approval will allow Applicants to better ensure continued bus service to the traveling public. Absent interim approval, the acquisition and consolidation of the Coach America Subsidiaries’ assets could not occur until at least 75 days following the date of this Application, or a significantly longer period should any opposition emerge to the permanent application. During that time, there is a risk that the Coach America Subsidiaries could encounter financial problems that may result in the destruction or injury of their assets or could jeopardize their ability to continue to operate. Two of the Coach America Subsidiaries whose assets Applicants intend to acquire have already discontinued operations: CUSA GCBS, LLC and CUSA K-TCS, LLC. However, delay in approval of the acquisition may still lead to the destruction of the assets controlled by those companies.

¹ See MC-F-21045, *Stagecoach Group, plc and Coach USA, Inc., et al. – Control – American coach Lines of Atlanta, Inc.* (filed May 25, 2012).

The specific acquisition and consolidation of assets that are contemplated by the transaction underlying this Application (“Transaction”) are as follows: (1) the assets of American Coach Lines of Jacksonville, Inc., American Coach Lines of Orlando, Inc., America Charters, Ltd., CUSA ASL, LLC, CUSA BCCAE, LLC, CUSA CC, LLC, CUSA FL, LLC, CUSA GCBS, LLC, CUSA GCT, LLC, and CUSA K-TCS, LLC would be purchased by either FSCS or by Evergreen and consolidated into Evergreen Trails Inc. d/b/a Horizon Coach Lines to be operated under the Horizon Coach Lines name; and (2) the assets of American Coach Lines of Miami, Inc., and Midnight Sun Tours, Inc. would be purchased by either FSCS or by Cabana and consolidated into Cabana. Cabana will also adopt the d/b/a name “Horizon Coach Lines” and the assets consolidated into Cabana will be operated under that name. Under the Asset Purchase Agreement that the parties entered into on May 18, 2012, another company controlled by Sherman, Transportation Management Services, Inc., has the right to purchase the Coach America Subsidiaries. However, Transportation Management Services, Inc. will assign its right of purchase to either FSCS or to Evergreen and Cabana. If the right of purchase is assigned to Evergreen and Cabana, Cabana will receive the right to purchase American Coach Lines of Miami, Inc. and Midnight Sun Tours, Inc. and Evergreen will receive the right to purchase the assets of all of the other Coach America Subsidiaries.

The standards warranting grant of this Request for Interim Approval are met here because, as noted, failure to grant such an interim approval may result in the destruction or injury of the Coach America Subsidiaries’ assets and may interfere or prevent the ability to provide continuous and adequate transportation services to the public.

Specifically, the Coach America Subsidiaries are currently in Chapter 11 bankruptcy and

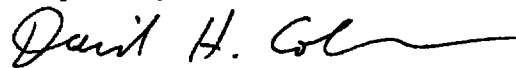

will be forced to cease operations if adequate working capital is no longer available. Applicants have agreed to promptly purchase the Coach America Subsidiaries' assets in order that current operations will not be discontinued. Evergreen and Cabana are planning to continue providing service of the type now being offered by the Coach America Subsidiaries provided that the Transaction is approved by the Board on an interim basis. Interim approval will ensure that Coach America Subsidiaries' transportation services continue to operate and that the assets contracted to be purchase will retain their value and be put to use for the public's benefit during the regulatory proceedings. The assets that would be acquired and consolidated into Evergreen and Cabana include the Coach America Subsidiaries' vehicles, equipment, contracts, permits, leases, and various other assets.

The Board has previously acted promptly on applications for interim approval filed in circumstances similar to those described here. *See Stagecoach Group, plc and Coach USA, Inc., et al – Acquisition and Consolidation of Assets – Rockford Coach Lines, LLC*, STB Docket MC-F-21006 (April 29, 2004) (interim approval granted within 13 days of filing of request for approval in light of potential loss of service); *Holland America Line -Westours, Inc. - Control - Westours Motor Coaches, Inc., Evergreen Trails, Inc., Westmark Hotels of Canada Ltd., and Horizon Coach Lines Ltd.*, STB Docket No. MC-F-20988 TA (served Feb. 1, 2002) (granting application for interim approval seven days following filing where destruction of, or injury to, assets was threatened); *Northwest Motor Coach L.L.C. —Control—Evergreen Stage Line, Inc. and Evergreen Bus Co., Inc.*, STB Docket No. MC-F-20956 (served Oct. 18, 1999) (application for interim approval granted within two weeks of filing where current owners

were unwilling to make further investment in carriers); *Colorado Mountain Express, Inc. and Airport Shuttle Colorado, Inc. d/b/a Aspen Limousine Service, Inc. — Consolidation and Merger (Interim Approval) — Colorado Mountain Express*, STB Docket No. MC-F-20902 TA (served Nov. 12, 1996) (granting interim approval within 12 days in circumstances where continued operating losses threatened destruction or injury to property of acquired carrier).

For the above reasons, the parties request that interim approval for the Transaction be granted in order to preserve the Coach America Subsidiaries' assets.

**VERIFIED APPLICATION FOR ACQUISITION AND CONSOLIDATION OF
THE ASSETS OF
MOTOR PASSENGER CARRIERS**

Pursuant to 49 U.S.C. § 14303(a)(1), and the Board's rules at 49 CFR Part 1182, Applicants Frank Sherman ("Sherman"), an individual who controls motor passenger carriers, together with FSCS Corporation ("FSCS"), a non-carrier holding company, TMS West Coast, Inc. ("TMS"), a non-carrier holding company, Evergreen Trails, Inc. d/b/a Horizon Coach Lines ("Evergreen"), an interstate motor passenger carrier, and Cabana Coaches, LLC ("Cabana"), an interstate motor passenger carrier (collectively, "Applicants"), seek authority acquire the assets (including the vehicles, equipment, leases, contracts, and intrastate operating permits) of twelve separate interstate motor common carriers of passengers subsidiaries currently controlled by Coach America Holdings, Inc. (collectively, "Coach America Subsidiaries") and to consolidate certain of those assets into Evergreen and others into Cabana.

The twelve Coach America Subsidiaries are as follows: (1) America Charters, Ltd.; (2) American Coach Lines of Jacksonville, Inc.; (3) American Coach Lines of Miami, Inc.; (4) American Coach Lines of Orlando, Inc.; (5) CUSA ASL, LLC; (6) CUSA BCCAE, LLC; (7) CUSA CC, LLC; (8) CUSA FL, LLC; (9) CUSA GCBS, LLC; (10) CUSA GCT, LLC; (11) CUSA K-TCS, LLC; and (12) Midnight Sun Tours, Inc.

As described in the accompanying Request for Interim Approval, Coach America Holdings, Inc. and its various subsidiaries, including each of the Coach America Subsidiaries, are currently in Chapter 11 bankruptcy proceedings. *See In Re: Coach Am Group Holdings Corp. et al*, Case No. 12-10010 (KG), (petition filed 01/03/12). By virtue of the fact that the Coach America Subsidiaries are in bankruptcy and as a result of the need to avoid any loss of service to the public or possible destruction of the value of the assets being acquired,² Applicants are simultaneously requesting interim control authorization from the STB pursuant to the terms of 49 CFR Section 1182.7. Such interim approval will allow Applicants to exercise control over the operation of the Coach America Subsidiaries as soon as possible in order to ensure the preservation of service.

I. INTRODUCTION AND DESCRIPTION OF TRANSACTION

The transaction underlying this Application ("Transaction") contemplates that assets of twelve of the Coach America Subsidiaries will be purchased by either FSCS or by Evergreen and Cabana and consolidated into Evergreen and Cabana, which are both controlled by Sherman and hold authority from FMCSA to provide motor carrier service.

² Two of the Coach America Subsidiaries whose assets Applicants intend to acquire have already discontinued operations: CUSA GCBS, LLC and CUSA K-TCS, LLC. However, delay in approval of the acquisition may still lead to the destruction of the assets controlled by those companies.

Further, as described below in Section II.B of this Application, there are non-carrier intermediate holding companies between Sherman, on the one hand, and Evergreen and Cabana, the companies that will ultimately operate the assets of the Coach America Subsidiaries, on the other. An organization chart depicting the ownership structure for the relevant entities is attached at Exhibit 1.

The specific acquisition and consolidation of assets that are contemplated by the Transaction are as follows: (1) the assets of American Coach Lines of Jacksonville, Inc., American Coach Lines of Orlando, Inc., America Charters, Ltd., CUSA ASL, LLC, CUSA BCCAE, LLC, CUSA CC, LLC, CUSA FL, LLC, CUSA GCBS, LLC, CUSA GCT, LLC, and CUSA K-TCS, LLC would be purchased by either FSCS or Evergreen and consolidated into Evergreen Trails Inc. d/b/a Horizon Coach Lines to be operated under the Horizon Coach Lines name; and (2) the assets of American Coach Lines of Miami, Inc. and Midnight Sun Tours, Inc. would be purchased by either FSCS or Cabana and consolidated into Cabana. Cabana will also adopt the d/b/a name “Horizon Coach Lines” and the assets consolidated into Cabana will be operated under that name. Under the Asset Purchase Agreement (the “Agreement”) that the parties entered into on May 18, 2012, another company controlled by Sherman, Transportation Management Services, Inc., has the right to purchase the assets of the Coach America Subsidiaries. However, Transportation Management Services, Inc. will assign its right of purchase to either FSCS or to Evergreen and Cabana, which assignment is permitted under the terms of the Agreement. If the right of purchase is assigned to Evergreen and Cabana, Cabana will be assigned the right to purchase American Coach Lines of Miami, Inc. and Midnight Sun

Tours, Inc. and Evergreen will be assigned the right to purchase the assets of all of the other Coach America Subsidiaries.³

The Board has previously determined that similar transactions are subject to its approval jurisdiction under 49 USC § 14303, *i.e.*, transactions in which the assets of a motor passenger carrier are acquired and operated by another carrier, with the carrier whose assets are acquired ceasing to conduct business following the transaction. *E.g.*, *Stagecoach Group plc and Coach USA, Inc., et al—Acquisition of Control—Eastern Travel & Tour, Inc.*, STB Docket No. MC-F-21029 (served Sept. 18, 2008); *Stagecoach Group plc and Coach USA, Inc., et al—Acquisition and Consolidation of Assets—a Rockford Coach Lines, L.L.C.*, STB Docket No. MC-F-21006 (served May 14, 2004); *CUSA GCBS, LLC d/b/a Goodall's Charter Bus Service—Acquisition of Assets and Business Operations—Comartin Enterprises, Inc., d/b/a Contractours*, STB Docket No. MC-F-21018 (served July 7, 2006); *Firstgroup PLC—Acquisition—Cognisa Transportation, Inc.*, STB Docket No. MC-F-21021 (served July 13, 2007).

The Transaction is evidenced by the Agreement that the parties entered into on May 18, 2012, pursuant to which the Coach America Subsidiaries' assets described in that Agreement will be purchased by either FSCS or by Evergreen and Cabana (after assignment by Transportation Management Services, Inc. of the right to purchase), subject to Board approval. The Transaction described here was approved by the U.S. Bankruptcy Court for the District of Delaware at a hearing on May 22, 2012.

³ Applicants are also purchasing CUSA Transit, LLC. This entity provides paratransit services for the transit agency that operates in the Denver, CO area. It is not a carrier engaged in interstate commerce and thus is not a party to this control application.

Following any Board approval of the request for interim control being filed herewith, operational control of the Coach America Subsidiaries' assets would shift to Evergreen and Cabana. Evergreen and Cabana would then oversee the provision of identical transportation services to the Coach America Subsidiaries' charter, contract, and other customers.⁴ The transition in ownership and operation of the motor carrier businesses would be seamless. The only noticeable change would be that the services previously offered by the Coach America Subsidiaries will be offered under the Horizon Coach Lines name.

As discussed further below, Evergreen and Cabana each currently hold motor passenger carrier operating authority issued by the Federal Motor Carrier Safety Administration ("FMCSA") and currently engage in common, contract and charter carrier operations. Thus, they will be able to initiate operation of the assets to be acquired through the Transaction following Board approval and without the potentially significant delay that would occur if they did not have such authorization.

II. DESCRIPTION OF THE PARTIES TO THE TRANSACTION

The parties to the Transaction are as follows:

A. Frank Sherman and FSCS Corporation

Sherman is an individual who controls motor carriers. Sherman also controls and owns over 95% of the stock of FSCS Corporation, which is a holding company incorporated in Maryland. FSCS Corporation owns directly or through subsidiary

⁴ As noted above, two of the Coach America Subsidiaries whose assets Applicants intend to acquire, CUSA GCBS, LLC and CUSA K-TCS, LLC, have recently discontinued operations. The assets of these companies will be consolidated into Evergreen but Evergreen does not plan to resume the services previously offered by these carriers.

III. JURISDICTIONAL STATEMENT

The carriers involved in the Transaction have earned aggregate gross operating revenues well in excess of \$2 million during the twelve-month period preceding the date of this application. Accordingly, the jurisdictional threshold is met with respect to the acquisition of assets that is the subject of this Application.

IV. OPERATING RIGHTS

A copy of the federal and state operating authority issued to each of the Coach America Subsidiaries is included as Exhibit 2.

V. GRANTING THIS APPLICATION IS CONSISTENT WITH THE PUBLIC INTEREST

The Board is required to approve the proposed acquisition of control of the assets of Coach America Subsidiaries if it finds that such control by Applicants is consistent with the public interest. *See* 49 U.S.C. § 14303(b). In making its public interest determination, the Board is obligated to consider (A) the effect of the proposed acquisition of control on the adequacy of service to the public, (B) the impact on total fixed charges, and (C) the interests of carrier employees. Judged by each of these factors, granting this Application would be consistent with the public interest.

A. The Transaction Will Benefit the Traveling Public

As a result of the proposed acquisition and consolidation of the assets and businesses of the Coach America Subsidiaries by Applicants, the value of those assets for motor passenger operations will be preserved and the public will be assured of continued efficient and adequate service.⁵ Rather than continue to operate within a family of Coach America carriers that has been forced by poor economic performance to voluntarily petition for Chapter 11 protection under the Bankruptcy Code, the assets and operations of the Coach America Subsidiaries will, as a result of the Transaction, be consolidated into the financially healthy group of carriers controlled by Sherman and the related co-applicants. As a result, the services currently operated by the Coach America Subsidiaries will have access to more working capital, better credit ratings and reduced borrowing costs. These financial advantages will in turn facilitate any borrowing that

⁵ As noted above, the parties have simultaneously requested that the Board issue interim authority to acquire the assets at issue to avoid the possibility that those assets might be devalued during the pendency of this proceeding.

may be required for fleet modernization and other improvements that will benefit the traveling public.

The advantages to the traveling public from the Transaction include access to capital resources, favorable restructuring of debt, significant interest cost savings, and reduced operating costs resulting from the Applicants' enhanced volume purchasing power.⁶ For example, the services currently operated by the Coach America Subsidiaries will benefit from Applicants' ability to achieve volume discounts on the purchase of motorcoaches, as well as parts and fuel, each of which constitutes a major cost element for a motor passenger carrier. The ability of Evergreen and Cabana to take advantage of these cost savings will ensure continued quality service to the public, in contrast to the uncertainty created by the financial issues that led Coach America to file for Chapter 11 reorganization.

The services currently operated by the Coach America Subsidiaries will also benefit from more centralized management. By consolidating the assets and operations of many companies into Evergreen and Cabana, the services currently operated by the Coach America Subsidiaries will benefit from the reduced costs of centralized administrative functions offered by Applicants to the carriers they control, such as accounting,

coordinated purchasing services, and coordinated driver training services. In addition, vehicle sharing arrangements may be facilitated to ensure maximum utilization and operational efficiency of equipment.

Further, the Transaction will have no adverse impact on competition. There is in fact very limited competition between Evergreen and the Coach America Subsidiaries or between Cabana and the Coach America Subsidiaries. Specifically, CUSA GCT provides charter and contract services in the Houston, Texas area where Evergreen also currently has operations. CUSA GCT's operations focus on a large commuter contract as well as charter services. Evergreen's operations in the Houston area are primarily contract operations for cruise lines and large events such as conventions and trade shows. There is ample competition from other charter and contract carriers in the Houston area.

There is also some modest overlap between the services offered by Cabana and those offered by American Coach Lines of Miami, Inc. in the Miami area. However, almost two-thirds of American Coach Lines of Miami, Inc.'s business consists of charter operations. In contrast, only about 10% of Cabana's business is derived from charter operations. Approximately 90% of Cabana's revenues are derived from contracts with cruise lines, whereas only about 14% of American Coach Lines of Miami, Inc.'s revenues are derived from contracts with different cruise lines.⁷ Further, there are many other carriers in the Miami area who compete in the charter and contract carrier markets.

In addition, Cabana and Evergreen will continue to face competition from private vehicles and other transportation modes in connection with the services at issue, just as

⁷ The portion of American Coach Lines of Miami, Inc.'s revenues not derived from charter operations or contracts with cruise lines comes from contracts with other entities such as universities.

they do in connection with the services each provides today. Thus, the traveling public will continue to have ample competitive transportation options following any Board approval of this Application. The competition from other bus companies, combined with strong intermodal competition, eliminates any realistic opportunity for predation or monopoly pricing. *See GLI Acquisition Company – Purchase – Trailways Lines, Inc.*, 4 I.C.C.2d 591, 600-01 (1988) (describing the bus industry’s relatively small share of a competitive passenger transportation market dominated by other modes, particularly the private automobile). As the Board concluded at page 6 of *Coach/Arrow*,

With the low entry barriers and the pervasive intramodal and intermodal competition that characterizes the bus industry, most opportunities for abuse of market power are effectively foreclosed.

MC-F-20904, MC-F-20908, and MC-F-20912, 2011 STB LEXIS 181, at *12 (served April 20, 2011) (agreeing with Coach USA that the scheduled bus market in the Northeast is significantly competitive.)

B. The Transaction Will Have a Positive Impact on Fixed Charges

With respect to fixed charges, the Transaction will have no material adverse impact on the fixed charges associated with the services currently operated by Evergreen, Cabana or the Coach America Subsidiaries. As noted above, interest charges associated with the operations currently conducted by the Coach America Subsidiaries should decline as a result of the Transaction.

C. The Transaction Will Have No Material Adverse Impact on Employees

Under the terms of the Agreement, the purchaser(s) will make “at will” employment offers to at least 75% of the employees primarily related to the businesses to be acquired at the time of closing of the Transaction.

VI. APPROVAL OF THE TRANSACTION WILL FACILITATE THE TRANSFER OF INTRASTATE OPERATING PERMITS

Several of the Coach America Subsidiaries hold intrastate operating authorities, which will be transferred to Evergreen as a consequence of the Transaction. These are specifically identified in the margin.⁸

Board approval of this Application will allow the acquisition of control of the assets of the Coach America Subsidiaries to be accomplished without the need for potentially prolonged formal action of any state regulatory authorities, thus relieving the parties from burdensome regulatory requirements. *See* 49 U.S.C. 14303(f) (providing that parties to approved transactions may effectuate such transactions and exercise control without the approval of any state authorities and exempting the parties to the transaction from the application of federal, state, and municipal law as necessary to allow them to carry out the transaction); *Coach/Arrow* at 7 (finding that issuance of an exemption “will insulate petitioners from burdensome State regulations applicable to intrastate operating

VII. SAFETY FITNESS CERTIFICATION

Applicants hereby certify that each of the Coach America Subsidiaries holds a satisfactory safety rating issued by the U.S. Department of Transportation.

VIII. INSURANCE COVERAGE CERTIFICATION

Applicants hereby certify that each of the Coach America Subsidiaries has the requisite insurance coverage under 49 U.S.C. § 13906.

IX. CERTIFICATION OF DOMICILE

Applicants hereby certify that none of the Coach America Subsidiaries is domiciled in Mexico or owned or controlled by persons of that country.

X. THE PROPOSED ACQUISITION WILL NOT HAVE A SIGNIFICANT ENVIRONMENTAL IMPACT

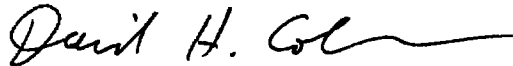

This Application contemplates only the acquisition and consolidation of carriers' assets that are already used to provide various bus services. Thus, there will be no significant operational changes or adverse environmental impacts as a result of the acquisition of control that is the subject of this Application. *See* 49 C.F.R.

§ 1182.3(1)(6). Accordingly, as the Board has found with respect to similar acquisitions, there will be no significant effect on the quality of the human environment or the use of energy resources, and environmental regulation pursuant to 49 C.F.R. § 1105.7 is unnecessary. *Coach/Arrow* at 7; *Coach/American* at 6.

CONCLUSION

The Board should grant this Application for all of the reasons described above.

I. BY THE COMMISSION

A. Statement, Findings, and Conclusions

1. On August 19, 2011, Four Winds, Inc., doing business as People's Choice Transportation, Inc. (People's Choice) filed an application for approval to transfer Certificate of Public Convenience and Necessity (CPCN) PUC No. 48716 to CUSA BCCAE, LLC,

doing business as Black Hawk Central City Ace Express (Ace Express). This application was docketed as Docket No. 11A-691CP.

2. On August 19, 2011, Casino Transportation, Inc. (Casino Transportation) filed an application: (I) to transfer CPCN PUC No. 52393 to Ace Express; (II) to transfer CPCN PUC No. 48419, except the portion of CPCN PUC No. 48419 that authorizes transportation service between points in the Cities of Aurora and Glendale, Colorado, on the one hand, and the casinos in Black Hawk and Central City, Colorado, on the other hand, to Ace Express; and (III) for the approval of an encumbrance in favor of Ace Express against the portion of CPCN PUC No. 48419 to be retained by Casino Transportation. This application was docketed as Docket No. 11A-693CP.

3. On August 26, 2011, Casino Transportation filed a Supplemental Verified Statement of Craig Caldwell, President of Casino Transportation, Inc., and President of Four Winds, Inc, D/B/A People's Choice Transportation, Inc. to the Permanent Authority Application in Docket No. 11A-691CP.

4. In this document, Mr. Caldwell states:

As Commission records will show, Four Winds is a subsidiary of CTI and leases Certificate No. 48716 to CTI[.] The most recent PUC decision approving that lease is Decision No. C11-0661 dated June 20, 2011. CTI advises the PUC that it joins in the Application to transfer Certificate No. 48716 to Ace Express. If the permanent transfer of Certificate No. 48716 is granted as requested by Four Winds and CTI, CTI requests that the Order approving the transfer also provide that effective on completion of the terms of the transaction and the granting order by Ace Express that CTI's lease¹ of Certificate No. 48716 be terminated.

5. The Commission noticed these applications to all interested persons, firms, and corporations pursuant to § 40-6-108(2), C.R.S., on August 29, 2011.

¹ People's Choice filed an application on April 6, 2011, for approval to lease CPCN PUC No. 48716 to Casino Transportation. The Commission granted the lease of CPCN PUC No. 48716 for a period from May 5, 2011, through June 30, 2014, on June 20, 2011, by Decision No. C11-0661 in Docket No. 11A-312CP-Lease.

6. No petitions to intervene or otherwise participate in these proceedings were filed. These proceedings are uncontested. Under § 40-6-109(5), C.R.S., these matters may be determined without a hearing.

7. CPCN PUC Nos. 48716, 48419, and 52393 authorize scheduled service between points in the Denver metro area, generally located south of Colfax Avenue from Buckley Road to Sheridan Boulevard and south of Interstate 70 from Sheridan Boulevard to Colorado Highway 93, on the one hand, and points in Black Hawk and Central City, Colorado, on the other hand.

8. Ace Express, under CPCN PUC No. 47967, may provide scheduled service between points in the Denver metro area, generally located north of Colfax Avenue from Buckley Road to Sheridan Boulevard and north of Interstate 70 from Sheridan Boulevard to Colorado Highway 93, on the one hand, and points in Black Hawk and Central City, Colorado, on the other hand.

9. The Commission is aware that duplicating geographic overlap currently exists between certain of the areas defined in CPCN PUC Nos. 48716, 48419, and 52393. Staff of the Commission has eliminated this overlap by consolidating the authorities named in the three certificates into one authority. The consolidated authority is shown as Appendix A to this Order.

10. The authority shown in Appendix A will be added to and become a portion of Ace Express' existing CPCN PUC No. 47967. The revised CPCN PUC No. 47967 is shown as Appendix B.

11. In Docket No. 11A-693CP, Casino Transportation requested to retain the portion of CPCN PUC No. 48419 that authorizes transportation service between points in the Cities of Aurora and Glendale, Colorado, on the one hand, and the casinos in Black Hawk and Central City, Colorado,

on the other hand. On October 25, 2011, Casino Transportation and Ace Express filed an Amendment to Paragraph 6 of Application (Amendment). In the Amendment, Casino Transportation and Ace Express define the specific boundaries of the portion of CPCN PUC No. 48419 to be retained by Casino Transportation. The geographic area named in the Amendment is smaller than the geographic area named in the notice published on August 29, 2011.

12. The geographic authority area to be retained by Casino Transportation will be identified as CPCN PUC No. 48419 and is shown in Appendix C of this Order.

13. The Glendale portion of geographic authority area to be retained by Casino Transportation will be added as a restriction to the revised CPCN PUC No. 47967 in Appendix B.

DECISION

CUSA, LLC

HOUSTON, TX
REENTITLED
CUSA CC, LLC
D/B/A CALIFORNIA CHARTERS

On September 8, 2003, applicant filed a request to have the Federal Motor Carrier Safety Administration's records changed to reflect a name change.

Presently, this applicant has no active authority on file with the Federal Motor Carrier Safety Administration. For purposes of changing the FMCSA's records, this name change will be processed.

It is ordered:

The Federal Motor Carrier Safety Administration's records are amended to reflect the carrier's name as CUSA CC, LLC, D/B/A CALIFORNIA CHARTERS.

The applicant must establish that it is in full compliance with the statute and the insurance regulations by having amended filings on prescribed FMCSA forms (BMC91 or 91X or 82 for bodily injury and property damage liability, BMC 34 or 83 for cargo liability, or a BMC 84 or 85 for property broker security and BOC-3 for designation of agents upon whom process may be served) submitted on its behalf. Copies of Form MCS-90 or other "certificates of insurance" are not acceptable evidence of insurance compliance. Insurance and BOC-3 filings should be sent to Federal Motor Carrier Safety Administration, 400 Virginia Avenue, SW, Suite 600, Washington, DC 20024.

If the applicant's authority has been revoked, it may submit a written request for reinstatement to the Federal Motor Carrier Safety Administration, P.O. Box 409934, Atlanta, GA 30384-9934 accompanied by a filing fee of \$80, in addition to submitting appropriate insurance filings on the prescribed FMCSA forms. If a motor carrier has an unsatisfactory safety rating, its authority registration will not be reinstated, and it should contact the nearest FMCSA Division Office to arrange for a review of its safety compliance prior to seeking reinstatement.

On February 14, 2006, applicant filed a request to have the Federal Motor Carrier Safety Administration's records changed to reflect a name change.

It is ordered:

The Federal Motor Carrier Safety Administration's records are amended to reflect the carrier's name as CUSA CC, LLC, D/B/A COACH USA LOS ANGELES.

Within 30 days after this decision is served, the applicant must establish that it is in full compliance with the statute and the insurance regulations by having amended filings on prescribed FMCSA forms (BMC91 or 91X or 82 for bodily injury and property damage liability, BMC 34 or 83 for cargo liability, or a BMC 84 or 85 for property broker security and BOC-3 for designation of agents upon whom process may be served) submitted on its behalf. CERTIFICATE
MC-465198-C
CUSA CC, LLC
D/B/A CALIFORNIA CHARTERS
HOUSTON, TX

This Certificate is evidence of the carrier's authority to engage in transportation as a common carrier of passengers by motor vehicle in interstate, intrastate and foreign commerce.

This authority will be effective as long as the carrier maintains compliance with the requirements pertaining to insurance coverage for the protection of the public (49 CFR 387) and the designation of agents upon whom process may be served (49 CFR 366). The carrier shall also render reasonably continuous and adequate service to the public. Failure to maintain compliance will constitute sufficient grounds for revocation of this authority.

The transportation service to be performed is described on the reverse side of this document. Authority to transport passengers over regular routes includes authority to serve all intermediate points on these routes, as specified at 49 CFR 356.3.

Terry Shelton, Director
Office of Data Analysis & Information Systems

NOTE: Carrier is authorized to provide regular-route passenger transportation in intrastate commerce and also must comply with requirements at 49 USC § 13902(b)(5) to establish rates, rules, and practices under applicable State laws.

CONDITION: The carrier is authorized to provide intrastate passenger transportation service under this certificate only if the carrier also provides substantial regularly scheduled interstate passenger transportation service on the same route.

TACKING AND JOINDER: Any irregular route authority in this Certificate may not be tacked or joined with other irregular route authority unless joinder is specifically authorized. Any regular routes authorized in this Certificate may be tacked or joined with one another and with other interstate regular route authority you hold, at any common service points, unless joinder is specifically prohibited.

NOTE: Willful and persistent noncompliance with applicable safety fitness regulations as evidenced by a DOT safety fitness rating of "Unsatisfactory" or by other indicators, could result in a proceeding requiring the holder of this certificate or permit to show cause why this authority should not be suspended or revoked.

CERTIFICATE
MC-465196-C
CUSA GCT, LLC
D/B/A GULF COAST TRANSPORTATION
HOUSTON, TX

This Certificate is evidence of the carrier's authority to engage in transportation as a common carrier of passengers by motor vehicle in interstate, intrastate and foreign commerce.

This authority will be effective as long as the carrier maintains compliance with the requirements pertaining to insurance coverage for the protection of the public (49 CFR 387) and the designation of agents upon whom process may be served (49 CFR 366). The carrier shall also render reasonably continuous and adequate service to the public. Failure to maintain compliance will constitute sufficient grounds for revocation of this authority.

The transportation service to be performed is described on the reverse side of this document. Authority to transport passengers over regular routes includes authority to serve all intermediate points on these routes, as specified at 49 CFR 356.3.

Terry Shelton, Director
Office of Data Analysis & Information Systems

NOTE: Carrier is authorized to provide regular-route passenger transportation in intrastate commerce and also must comply with requirements at 49 USC § 13902(b)(5) to establish rates, rules, and practices under applicable State laws.

CONDITION: The carrier is authorized to provide intrastate passenger transportation service under this certificate only if the carrier also provides substantial regularly scheduled interstate passenger transportation service on the same route.

TACKING AND JOINDER: Any irregular route authority in this Certificate may not be tacked or joined with other irregular route authority unless joinder is specifically authorized. Any regular routes authorized in this Certificate may be tacked or joined with one another and with other interstate regular route authority you hold, at any common service points, unless joinder is specifically prohibited.

NOTE: Willful and persistent noncompliance with applicable safety fitness regulations as evidenced by a DOT safety fitness rating of "Unsatisfactory" or by other indicators, could result in a proceeding requiring the holder of this certificate or permit to show cause why this authority should not be suspended or revoked.
